D-TAC

Digital Telecom Access Control Corporation
Voiceover IP Control Sites for VoIP Switching, Billing and Routing Control

Purchase or Hosted:
Advantage Comparisons

D-TAC offers a full line of VoIP Billing products that are designed to work with any type of business model including prepaid and postpaid accounting. The Back Office interface includes features that are built for Calling Cards, Wholesale Carriers, Consumer Long Distance Accounts, Wholesale Brokers, Call Shops, Corporate and ISP business types.

Available in two models; the systems can be leased by the month as a D-TAC hosted application or the D-TAC software can be purchased to run on your equipment. Complete centralized control for your business needs, no matter where your gateways, soft switches, networks, carriers or customers are located.
